

## It's Here and You're Invited!

Where else can you check out a book, buy a new shirt and grab a bite to eat all in one location? The long anticipated grand opening of the Chula Vista Otay Ranch Branch Library is scheduled for **Saturday, April 14, from 12 to 3 p.m.** This unique partnership between the City and Otay Ranch Town Center (ORTC) offers a much-needed library location to the eastern section of the city. Located adjacent to the Food Pavilion, library visitors will find a 3,500 square foot branch with modular work areas, a colorful décor, self check out, free Wi-Fi and computers. Two weekly story times will be offered including an evening “pajama” story time, and after-school homework sessions will also be available.

*The barricades that have been up for months are about to come down! The new library is located in the Food Pavilion area at the Otay Ranch Town Center.*

Activities for opening day include tours, games and prizes, appearances by popular book characters, story time, and distribution of library cards. But you can be ready and obtain a library card in advance by visiting the Chula Vista Police Department storefront at ORTC on Tuesday, Wednesday and Thursday from 2-5 p.m.

Regular operating hours for the ORTC Library will be Tuesday, Wednesday and Thursday from 11 a.m. to 7 p.m. and Friday and Saturday from 12 to 6 p.m.

## Opportunity Awaits on the Bayfront

During its March meeting held in Chula Vista, the California Coastal Commission toured the area known as the Chula Vista Bayfront Master Plan (CVBMP). The tour was a big deal for Chula Vista as Commissioners will have a better idea of the site when they consider approval of the plan in the next few months. The CVBMP is one of California's largest available waterfront development sites and the largest undeveloped waterfront in Southern California.

Preparation for the transformation of our bayfront has begun with the undergrounding of bayfront electrical transmission lines, the closure of the South Bay Power Plant and approval of the 15,000 page environmental impact report.

Plans for the 550-acre property include something for everyone such as a world class resort and conference center, multifamily housing, restaurants, and offices. Nearly half of the project is dedicated to parks, open space, and habitat preserve. The project is expected to create more than 2,200 permanent jobs and nearly 7,000 construction jobs.
